

Please join the California Department of Public Health
for a full-day:

Community Health Assessment and Improvement Plan Workshop

The Community Health Assessment and Improvement Plan Workshop focuses on Systems of Prevention and will:

- Provide an overview of tools and resources that enable communities to determine how to improve health and safety and promote health equity through systems and policy change.
- Discuss social determinants of health, indicator data, and equity strategies that support community health planning and advance health equity.
- Explore an interactive framework that provides strategies for engaging multiple partners, across sectors, to define a shared agenda and leverage resources to achieve common goals.
