<p>SB 276/Pan A – Appr Suspense File Amended 7/1/19</p>	<p>Requires physicians/surgeons to utilize a California Department of Public Health (CDPH)-developed statewide standardized electronic medical exemption certification form that will be submitted directly to the state database when issuing an immunization exemption for medical reasons beginning January 2021. The form shall also be printed, signed, and submitted directly to the school or institution the child will attend. Forms must include specified information from the physician/surgeon and of the primary care physician of the child if different from the physician/surgeon who issued the medical exemption. Forms must also include other specified information relating to the child, certification the physician/ surgeon has physically examined the child, a description of the medical basis for the exemption, whether permanent or a temporary exemption (temporary exemptions may not exceed one year), and authorization for CDPH to contact the issuing physician/surgeon and for the release of records related to the exemption to both CDPH, the Medical Board of California, and the osteopathic Medical Board of California. Physicians/surgeons may not charge for either filing out a medical exemption form or for an examination related to the renewal of a temporary exemption. Starting 1/1/21, if a parent or guardian requests a licensed physician or surgeon submit a medical exemption for their child, the physician/surgeon must inform the parent or guardian of the requirements for an exemption. CDPH, starting 1/1/21, is tasked with creating a standardized system to monitor immunization levels in schools and to monitor patterns of unusually high exemption form submissions by a particular physician, surgeon, or medical practice. Requires CDPH to review at least annually immunization reports from all schools to identify medical exemption forms from schools with an immunization rate of less than 95 percent, from physicians/surgeons who have submitted five or more medical exemptions in a calendar year, and schools that do not provide vaccination rate reports to CDPH. Allows CDPH, on the discretion of clinically trained immunization staff, to accept a medical exemption that is based on other contraindications or precautions, including consideration of family medical history, if the physician/surgeon provides written documentation supporting the exemption that is consistent with the relevant standard of care. Requires CDPH to notify the parent/guardian, issuing physician/surgeon, the school, and the local health officer with jurisdiction over the school of a denial or revocation of an exemption. Specifies school attendance requirements for children whose medical exemption is revoked. Allows CDPH to bar a physician/surgeon from submitting medical exemptions if they determine that physician/surgeon poses a risk to the public’s health. CDPH may not accept medical exemption forms from physicians/surgeons with pending complaints relating to immunization standards of care before the Medical Board or Osteopathic Medical Board until the accusation is resolved in favor of the physician/surgeon. Requires CDPH to notify the Medical Board or the Osteopathic Medical Board of any physician/surgeon who has five or more</p>	<p>S-1 4/11/19</p>	<p>Sponsors: American Academy of Pediatrics, California; California Medical Association; Vaccinate California</p> <p>HOAC supports.</p>	<p>Communicable Disease Control</p>
