

TRUDY RAYMUDO

INSTRUCTOR

BIO :

Trudy has been a leader in public health for many years. Currently she is assisting the California Department of Public Health as a contractor leading their External Affairs and Guidance and Policy Work as part of COVID Response and most recently their healthcare integration and community health improvement planning. Prior to her work with the State, she was the Director of Public Health for San Bernardino County. She also served as an Administrative Analyst with the County Administrative Office, acting as the primary finance analyst for the three main health/healthcare entities in San Bernardino.

She has vast experience in external affairs, financial operations, building community partnerships and understanding and navigating the complex administrative functions of local health departments.
