

## CHEAC Training Center 2024 Session Dates

*In Partnership with UC Davis Continuing and Professional Education  
Supported by The California Endowment*

The CHEAC Training Center offers CHEAC Members and LHD personnel professional training sessions on a wide array of topics, including leadership and management, diversity, equity, and inclusion, and public health programs and services. Training will be held either in-person in Sacramento or virtually via Zoom.

**Registration available at [www.cheac.org/tc-home](http://www.cheac.org/tc-home)!**

<u>Session</u>	<u>Description</u>	<u>Date/Time</u>	<u>Location</u>	<u>Cost</u>	<u>Registration Due Date</u>
Communicating and Managing Change for Public Health	This course will focus on internal communication and driving change within local health jurisdictions. Using a case study model, the facilitator will provide perspectives and learning from public health leaders about how to secure buy-in for change and how to roll out and communicate new directions. A significant portion of the course will be devoted to seeking out and leveraging perspectives of subject-matter experts and those most impacted by the planned changes.	Mon., Jan. 8, 2024 10:00 am-2:00 pm	Virtual	\$155	Fri., Dec. 29
Lean Leadership	This course is designed for public health leaders who want to improve their use of Lean principles in their work. Particularly attention will be paid to defining the problem, conducting a gap analysis, and measuring improvement.	Thurs., Jan. 11, 2024 10:00 am-2:00 pm	Virtual	\$155	Fri., Jan. 5
Emotional Intelligence	Emotional Intelligence is the ability to consciously align behaviors to a desired outcome. This workshop will help participants understand the key skills that make up emotional intelligence and then identify specific tools and strategies to improve their own emotional intelligence in the workplace.	Weds., Jan. 17, 2024, 10:00 am-2:00 pm	Virtual	\$155	Fri., Jan. 5
Public Health Financing	This course is designed to increase financial literacy and competence in public health leaders and managers to effectively plan, manage and evaluate local health jurisdiction budgets, optimizing resources to address local priorities and ensure the ongoing delivery of quality governmental public health services. The content is designed specifically for the public health workforce and goes beyond general accounting or healthcare finance topics, with a focus on public financing as it relates to the effective delivery of local public health services in California.	Two Day Course: Thurs., Jan. 18, 12:30 am-4:30 pm and Fri., Jan. 19, 8:30 am-12:30 pm	Virtual	\$310	Mon., Jan. 8
Local Administration & Relationships	This course is designed to further public health leaders' ability to navigate the intersection of local governance and politics with public health as well as more effectively understand and cultivate state and local relationships. Both areas are essential to ensure the delivery of quality local public health services that address the unique priorities and needs of each jurisdiction. The content is designed to encompass 1) local governing and policy dynamics, varying local health jurisdiction organizational structures, roles and responsibilities, and 2) the navigation of state and local relationships across state agencies, boards of	Two Day Course: Wed., Jan. 24, 12:30 am-4:30 pm and Thurs., Jan. 25, 8:30 am-12:30 pm	Virtual	\$310	Fri., Jan. 19

	supervisors and city councils, other local departments and agencies, community-based partners, health care delivery systems, and the community at large.				
Embracing a Growth Mindset	In this session, participants will look at new research around a fixed and growth mindset. Case studies and role-plays will be used to explore how simply believing you can change makes an impact on personal growth and development.	Fri., Feb. 2, 2024, 10:00 am-2:00 pm	Virtual	\$155	Tues., Jan. 23
Responding to Misinformation & Disinformation	This course will draw upon learned and lived experiences at the state and local level. Through case studies, participants will hear about unique forms of communication using specific tools and social media channels. Particular attention will be paid to operating in various political climates and issues like vaccine hesitancy. The facilitator will provide participants with proven strategies to employ during the next public health emergency.	Weds., Feb. 14, 2024, 10:00 am-2:00 pm	Virtual	\$155	Mon., Feb. 5
Coaching for Performance	Leaders need to produce results. The most effective way to do this is through improving the performance of others. This session is designed to give participants tools and resources to move coaching conversations from transactional to transformational.	Weds., Feb. 21, 2024, 10:00 am-2:00 pm	Virtual	\$155	Fri., Feb. 9
Local Administration & Relationships	This course is designed to further public health leaders' ability to navigate the intersection of local governance and politics with public health as well as more effectively understand and cultivate state and local relationships. Both areas are essential to ensure the delivery of quality local public health services that address the unique priorities and needs of each jurisdiction. The content is designed to encompass 1) local governing and policy dynamics, varying local health jurisdiction organizational structures, roles and responsibilities, and 2) the navigation of state and local relationships across state agencies, boards of supervisors and city councils, other local departments and agencies, community-based partners, health care delivery systems, and the community at large.	Two Day Course: Wed., Feb. 28, 12:30 am-4:30 pm and Thurs., Feb. 29, 8:30 am-12:30 pm	Sacramento	\$310	Fri., Feb. 23
