ALAMEDA COUNTY HEALTH CARE SERVICES AGENCY

FUTURE OF PUBLIC HEALTH OVERVIEW

Through the 2022 Budget Act, California took a transformational step toward rebuilding our state and local public health workforce and infrastructure that was devastated by the COVID-19 pandemic and years of disinvestment. The \$300 million ongoing General Fund investment (\$200 million for local health departments, \$100 million for CDPH), referred to as the Future of Public Health, is a critical investment in our state's public health readiness and response to existing and emerging public health threats.

FUTURE OF PUBLIC HEALTH INVESTMENTS REBUILD OUR LOCAL PUBLIC HEALTH WORKFORCE AND INFRASTRUCTURE

- Hired staff to support sexual health programs, emergency preparedness and response efforts, acute communicable disease infection prevention outbreak management, and building our administrative, operational, and fiscal capacity.
- Currently recruiting for positions to support their public health lab, epidemiology and analysis of communicable disease data, outbreak management, health equity initiatives, community engagement, and case management system support.
