FUTURE OF PUBLIC HEALTH OVERVIEW

Through the 2022 Budget Act, California took a transformational step toward rebuilding our state and local public health workforce and infrastructure that was devastated by the COVID-19 pandemic and years of disinvestment. The \$300 million ongoing General Fund investment (\$200 million for local health departments, \$100 million for CDPH), referred to as the Future of Public Health, is a critical investment in our state's public health readiness and response to existing and emerging public health threats.
