With Fire Comes Smoke: Aligning Forest Management and Public Health Communications for Air Quality Response

Kristina Herrera, MPH, Agency Manager

Kristina Herrera serves as the Agency Manager for Tuolumne County Public Health, with over a decade of experience in public health programs spanning health education, health communications and social media strategy, epidemiology, and public health administration and strategic planning. In her current role, she oversees the department's Epidemiology and Communications Units and leads workforce development and wellness initiatives. Kristina is passionate about taking complex health data and developing accessible, meaningful tools for diverse audiences to tell the stories of public health issues and protect health in communities. She received her bachelors in Neurobiology, Physiology, & Behavior from UC Davis and Masters of Public Health from George Washington University, and is a ASTHO DELPH Scholar.
