

2025 CHEAC Annual Meeting Workshop Session Biographies Innovaccer

Jennifer Conner, Senior Director of Public Sector Product Management, Innovaccer

Jennifer Conner is Senior Director of Public Sector Product Management at Innovaccer, where she leads the development of solutions for state Medicaid and public health programs. With more than 30 years of experience spanning providers, payers, and state and local government, she brings deep expertise in healthcare IT and a proven track record of driving transformation. At Innovaccer, Jennifer leverages her experience and passion to help public sector organizations improve performance and outcomes by delivering innovative, impactful solutions.

Dr. Anil Jain, Chief Innovation Officer, Innovaccer

Anil Jain, MD, FACP, is Chief Innovation Officer at Innovaccer. He brings extensive experience from IBM Watson Health, Cleveland Clinic, Explorys, and UC Health to drive clinical informatics, interoperability, and digital transformation. Dr. Jain leads the development of Innovaccer's Health Cloud innovations to unify data and workflows across care ecosystems.

Dr. Brian Thomas, Director of Social Health Information Exchange, Alameda County Health

Dr. Brian Thomas serves as the Director of Social Health Information Exchange for Alameda County Health. He has extensive experience in designing and implementing robust tools to streamline business operations within healthcare, while introducing tactical policies to promote organizational vision. At Alameda County, Dr. Thomas leads the development of a groundbreaking, comprehensive, and secure cross-sector Social Health Information Exchange that informs system level population health program planning and policy development while also supporting citizen level care coordination.

Lisa Bari, Head of External Affairs, Innovaccer

Lisa Bari is the Head of External Affairs at Innovaccer, leading the company's efforts in health policy, AI governance, and government partnerships. She brings a unique blend of public and private sector experience, including leadership roles at CMMI and Civitas Networks for Health. Lisa focuses on advancing healthcare innovation through policy, community engagement, and responsible AI.
