LANES Qualified Health Information Organization

Ali Zadeh, MD LANES Chief Medical Officer

Ali Zadeh, MD LANES Chief Medical Officer, has more than 12 years of leadership experience in healthcare and operations. He is a patient-centric physician focused on the business side of medicine, specifically clinical informatics, operations and development for acute care hospitals and ambulatory care networks. He applies strong communication and problem-solving skills alongside a knowledge base of technology, innovation and business intelligence platforms. Dr. Zadeh is board certified in health management and is a Fellow of the American College of Healthcare Executives. He received a majority of his education and clinical training at the David Geffen School of Medicine, Harbor-UCLA Medical Center and Cedars-Sinai Medical Center. He received a bachelor's degree in political science and a master's degree with emphasis on healthcare management from UCLA.
